2017-18 Report by Barbara Hadsell

After being elected at the first WGC BOD meeting in the fall of 2017, I worked on the Standing Rules Revisions Committee/Articles of Association revisions. I set up the Fertilizer sale to members and have filed a separate report on that. I applied for a NGC Natural Disaster grant to replant Gene Joyner's Unbelievable Acres botanical garden and co-chaired the 3 Saturday planting with Larry Grosser. I also served as a guest member on the Finance Committee. When Tim Hadsell resigned from the BOD I gave the Youth Activity report. And when Jan Seagrave moved from Parliamentarian in the spring of 2018 to 1st VP, I was appointed as Parliamentarian by President Carol Coleman. I also chaired the Youth division of the spring WGC Flower Show.
