Florida Oceanographic Society is a non-profit organization founded in 1964 with the mission to inspire environmental stewardship of Florida's coastal ecosystems through education, research and advocacy. Florida Oceanographic Coastal Center is a 57-acre marine life nature center located on Hutchinson Island in Stuart, FL situated between the Indian River and the Atlantic Ocean.

Lunch can be a local restaurant or picnic tables are available for those who want to brown-bag it. New England Fish Market is right around the corner.
