Speaker: Mark Peters

<https://peterscrotonnursery.com/about-us>

Mark Peters is a graduate of the UConn School of Horticulture, and had a successful career in the northeast. Mark and his wife, Deirdre, moved to South Florida where Mark discovered and fell in love with crotons. Throughout his career, Peters has been a popular speaker at garden events, and has been the featured speaker on crotons at Florida Federation Garden Clubs. An entertaining and enlightening presenter, the hallmark of his Croton Program is a phenomenal display of masses of crotons so he can readily emphasize his talking points, demonstrate the art of air-layering, and discuss best practices of croton cultivation.
