

**WGC MEMBERSHIP MEETING**  
**Wellington Community Center**  
**Monday, March 7 at 9:30 AM**

**Title: “Everyone can have orchids in their home!”**

The former owner of PRA Orchids, Pirjo Amato and her husband, George, have created orchid designs for some of the wealthiest residents of Palm Beach for over 30 years. In addition to her design talents, Pirjo is a grower and cultivator of orchids, succulents and other rare plants. PRA Orchids also created living art sculptures and participated in fundraisers at Mar A Lago as well as other country clubs.

She will demonstrate the art of creating beautiful designs for orchids. In addition, she will share her photos of the floral designs and installations she created for the mansions on Palm Beach and summer homes in the Hamptons.
