

Around & About to
FLORIDA OCEANOGRAPHIC COASTAL CENTER
Stuart, Fl (Hutchison Island)
Thursday, October 14, 2021

Twenty-four of our club members and a few spouses attended this around and about. The weather was with us and we had a beautiful day. Our guide for this tour was Zack Jud, Ph.D., who gave a very informative and educational presentation. Many members stated they will return with their grandchildren. After the tour, most of us had lunch at the New England Fish Market. The following photos are a testimony to the beautiful grounds and the camaraderie of the day.
