

WGC MEMBERSHIP MEETING
Wellington Community Center
Monday, January 9, 2023 at 9:30 AM

Speaker: Will Gurney,
Superintendent of Landscape,
Village of Wellington

Topic: Using Native Plant in the Public Landscape

With a power point presentation Will is planning to show some of the landscape plantings and work he has done to include native plants in the Village of Wellington public landscape. He will also discuss the importance of adding canopy trees wherever possible and their positive impact.

Will's education, experience and personal motivation uniquely qualifies him as the Superintendent of Landscape for the Village of Wellington. He has been successful in turfgrass and has created exceptional landscapes, has been successful in business management and project planning and has a strong top-quality turfgrass background. He has owned and managed a successful turf and landscape company, is well versed in wetland ecology and conservation, and is an ISA Certified Arborist and Certified Master Naturalist.
