Environmental Report for Monday - Oct. 2, 2023

Many thanks goes to Marie Wolfe, Linda Messina, Huguette Damas and of course myself to our successful beach cleanup - known as the International Coastal Cleanup on September 16th. We arrived early and did about an hour's worth of picking debris - the big prize being a pair of light blue shoes in the midst of tiny plastic pieces. No ---- we did not die of the heat because we left early. I thought I would do some debris cleanup with my kayak the following week - Sept. 23rd. I got there late morning and I did not see any cleanup pickers. It seems like everyone knows to get to the beach early.

I thank the Wellington Garden Club for their continuous support. I will be writing a newsletter article.
