

**WGC Membership Meeting
Wellington Community Center
Monday, April 5, 2027**

**Speaker: Mike Blom
Topic: Bonsai Workshop**

Mike Blom is a passionate bonsai artist and educator with 37 years of dedicated practice. His journey began when he first encountered the living art of bonsai at Splendid China in Florida, an experience that sparked a lifelong fascination with transforming ordinary trees into extraordinary miniatures.

Specializing in tropical species, Mike works across all classic bonsai styles — from formal upright and cascade to dramatic literati and group plantings. His deep understanding of tropical horticulture allows him to create resilient, thriving bonsai that capture both elegance and vitality in South Florida's unique climate.

A respected exhibitor, Mike has displayed his trees at Epcot's renowned annual Flower & Garden Festival as well as numerous local and state shows. He regularly travels to private collections for advanced styling and maintenance work, helping collectors refine and preserve their prized specimens. As the owner of Emblem Bonsai in Loxahatchee Groves, he continues to cultivate, train, and share exceptional bonsai with enthusiasts across the region.

Mike believes bonsai is more than a hobby — it is a meditative practice that teaches patience, presence, and respect for nature's resilience.
